THE SENATE APPORTIONMENT BILL.

The Senate Committee on the Judiciary have reported an Apportionment bill entirely different from that passed by the House before the Holidays. They have concluded in favor of keeping the House at its present number, simply reapportioning the members to meet the changes in population since the last census. This would reduce the representation of the New England States six, and that of New York and Pennsylvania five giving New Jersey and Georgia each one additional, and the Western States, including Missouri, nine additional. The following table shows the difference in the operation of the two bills:

NEW ENGLAND.

Total	100	100	100

It is stated that the Western members are generally opposed to the Senate Bill. By the latter the Tuesday after the first Monday in November in each alternate year is prescribed as the date for holding the election of all Representatives.

The Boston Journal remarks that as New England is now represented by twenty-seven members, we shall lose either one or five, according to whichever plan is adopted. It is stated that we lose relatively less under the Senate plan than under the House bill, although our figures are smaller. By the former we should have a little over one-eleventh of the total representation of the Union; by the latter a little less than one eleventh. This minute gain appears to be made in assigning one of the seventeen members secured by the largest fractions left after fixing on the ratio of apportionment, to the State of Maine. Either plan is probably accurate enough in a relative point of view, though, of course, the more numerous the membership the less trouble there is in adjusting the inequality of the fractions. General considerations of convenience, public advantage, &c., will probably preponderate in fixing the size of the House.

BUTLER ON THE FISHERIES. On Saturday the Committee on Foreign Affairs gave a hearing to Gen. Butler, who addressed them for more than two hours on the question of the fishery clauses of the Treaty of Washington, and the effect they will have on the fishing interests of the United States, with particular reference to those of Massachusetts. In the course of his remarks he stated that the operations of the treaty will take from the revenue of the country duties over $500,000 a year out of which the advantages to be reaped by the United States cannot be great. In addition to these it gives advantages we concede to the Canadian fishermen the right to fish in our waters and compete on equal terms with our fishermen from Maine to Delaware Bay. Gen. Butler stated the value of [illegible] privileges the Canadians [illegible] worth more than from [illegible] a year. Another [illegible] quality of the [illegible] of the treaty is that while our fishermen are compelled to fit out and sail [illegible] fish and return, in order to get a market, the Canadian fishermen [illegible] along our coast and bring their fish immediately to market, in competition with us.

After giving statistics in detail of the catch of fish since the [illegible] reciprocity treaty, and a thorough [illegible] of the proceedings of the provisions of the Treaty of Washington, Gen. Butler made a strong appeal to Congress to [illegible] we see whether Canada repeals her obnoxious laws, what becomes of the Geneva conference, and whether there is anybody who wants to do any thing further about the treaty. "At any rate," said the General in conclusion, "do take a single step that will bring us indemnity if you are determined to fold it upon us this injury."

There really seems to be some ground for the belief that [illegible] Fisk died from a wound inflicted by his own hand. He was drawing a pistol when that weapon went off and sent the bullet into his stomach that caused his death. If anything like this can be made to appear on the trial of Mr. Stokes for murder, the jury would be bound to acquit him on that charge, and so he would not hang. It certainly is very probable that a man situated as [illegible] Fisk was should have gone armed, and equally probable that on seeing a deadly enemy approaching him, he should have sought to draw a pistol if he carried one.—Two pistols were used, and Stokes had but one. There is a pretty field for lawyers to dispute and disport in, and we should not be surprised to see Mr. Graham bear off the chivalrous Stokes as triumphantly as he bore off the injured McFarland.

The illness of Rev. Stuart Robinson, of Louisville, Ky., the New York Times thinks looks very like what is called retributive justice. During the rebellion he was foremost among those who openly advocated the importation of infected clothing from the plague stricken cities of South America, to be spread broadcast through the North. A week or two ago, while passing through one of the cities (Cincinnati) that he intended should be scourged by a terrible epidemic, he contracted small pox, and with this disease he now lies dangerously ill.

Elections for primaries by the reform Democracy were held throughout New York city Friday evening. In some districts the Tammanyites succeeded in getting their names on the successful ticket, but everything passed off quietly.

It is complained in England that Spain has grossly violated her international treaties against the slave trade. And now the English anti-slavery party take the ground that it is the duty of the British Government to insist upon the immediate emancipation of the six hundred thousand Africans, together with their descendants, who have landed in the island of Cuba in contravention of treaty.

A special from Baltimore states that the steamer Hornet arrived there Friday night, and that she will probably be libelled by the State Department for a violation of the maritime laws. Capt. Brown, who was sent by her owners to bring her to an American port, has arrived at Washington and reports to the Navy Department that during the passage he saw no Spanish war vessels and met with no disturbance.

Some of the Massachusetts papers that in former years have advocated a stringent License law, with a very strong emphasis on the word license, have recently commended the legislation of some of the western States in regard to liquor selling, by which persons who sell intoxicating liquors are made responsible for the damage that they may cause to those who drink it.

The Chief of the Bureau of Statistics disclaims any responsibility for the statement in the report of the Civil Service Commission to the effect that nearly one-fourth of the revenue is lost in the process of collection.—No such information has been furnished from the records of the Bureau of Statistics, and Mr. Young believes the estimate just mentioned to be very far in excess of the truth.—In regard to the revenue from imports, which comes more especially within the purview of his bureau, his opinion is that five per cent. will cover will cover the entire loss of revenue from smuggling, undervaluation and other causes.

IMMIGRATION. In the Monthly Report No. 4, of the Bureau of Statistics, the immigration into the United States for the quarter ended September 30 1871, is given in detail in seven different statements, showing sex, age, nationality, occupation, and part of vessel occupied *en route*. From these tables it appears that the total number of passengers arrived during the quarter was 124,888, of whom 73,445 were males and 52,443 females; 33,834 were cabin and 92,054 other than cabin passengers. Of the total number arrived, 19,135 were citizens of the United States returning from abroad, and 7894 were foreigners not intending to remain in the United States, leaving the number of actual immigrants 98,859, of whom 56,827 were males and 42,032 females; 22,520 were under fifteen years of age; 63,562 above fifteen and under forty; 12,777 forty and upward. The total deaths on the passage were 69.

Of the total number of immigrants, there arrived at New York, 70,416; Huron, Mich., 7570; Boston, 7075; Passamaquoddy, Maine, 6201; Baltimore, 2643; San Francisco, 2413.

The nationalities of the immigrants were: Great Britain, 24,281; Ireland, 14,633; Germany and Austria, 30,350; Sweden, Norway and Denmark, 9541; France, 2006; Switzerland, 585; Spain and Portugal, 182; Italy 583; Holland, 288; Belgium, 80; Russia and Poland, 634; other countries, 103; China and Japan, 1990; Africa, 1; British North American provinces, 11,824; Mexico, 145; South America, 36; West Indies, 108; all other countries, 405.

POLITICAL AND PERSONAL.

Alexis visits Louisville Tuesday.

Madame Lynch, widow of Lopez of Paraguay, is dying in France.

Christine Nilsson returns to England in April, to fulfil an engagement at the Drury Lane Theatre.

Gov. Jewel of Connecticut, gives up his senatorial aspirations and Gen. Hawley will probably be Mr. Ferry's successor.

A Salt Lake dispatch states that the bill providing for a constitutional convention will not be acted on by the legislature yet, owing to the illness of Gov. Woods.

Governor Joel Parker is the first man who has held the office of Governor in New Jersey for two terms under the present Constitution.

The Shelbyville American Rescue, in an article under the caption of "What the People Say," nominates Andrew Johnson for the Presidency at the election next November.

It is understood that Senator Sumner is in constant receipt of letters urging him to take the platform set up for him by George Wilkes in the *Spirit of the Times*.

Gov. Brown, of Tennessee, intends to call a special session of the Legislature of this State, to redistrict the State and to remedy some defects in the legislation of the recent session.

It is said now that the nomination of Hon. Charles Hale for Assistant Secretary of State has not been withdrawn, nor has the Senate Committee on Foreign Relations decided to ask that it be withdrawn.

A dispatch from Nice states that Minister Washburne gave a grand banquet to General Sherman and Lieut. Grant on the eve of their departure for Italy. The American squadron was ready to sail for an Italian port.

Hon. J. R. Doolittle has written a letter to a Memphis editor, favoring the passive policy, expecting it, if fairly tried, to win the votes of 1,000,000 liberal Republicans and 3,000,000 Democrats.

Thinking that Mr. Colfax has positively declined a renomination, and not knowing Mr. Blaine's decision, the St. Louis Democrat favors Speaker Blaine for the Vice Presidency, saying that he ought to combine the largest elements of strength and popularity.

The Southern Press very generally favor the policy of Mr. Pendleton, and there is a general exhortation to the Democracy to conform to the "new order of things," and evince a willingness to go more than half way toward any party that flings out the banner of Reform.

The Connecticut State Temperance Union—the chief organization of the kind in the State, has just held its seventh annual meeting in Middletown. It was attended by delegates from all the other societies, with the exception of those belonging to the Roman Catholic Church. It gave no sanction to separate political movements.

A citizen of Tennessee has written to Washington that, in his locality, not a single newspaper has printed the President's message, while all of them are filled with reckless denunciations of the General Government.—The writer expresses the belief that should a Democrat be elected President in 1872, no loyal men could remain in Tennessee.

Senator Wilson's friends claim for him as a candidate for the Vice Presidency, (we know not on what authority,) the votes of Pennsylvania, Ohio, Illinois, Virginia and Alabama, and they now wish to hear from New England. Meanwhile there are no indications of ill-feeling between them and Mr. Colfax's friends, all advocating the re-election of President Grant.

The Herald's Washington dispatch says that a convention of "discontented Republicans" will be held in Cincinnati immediately after the Philadelphia Convention, and it will prepare both tickets and platform for the Democratic party. The Democratic Convention will not be held until late in the summer, then only to ratify the work of the "discontented Republicans." An effort will be made to nominate Mr. Trumbull by the recalcitrants.

Mr. Otway, M. P. for Chatham, Eng., addressed his constituents Friday night upon political affairs. He expressed the opinion that the state of Europe was pregnant with complications which might lead to war. He also discussed at great length the Alabama question, and said that if the claim of the United States was granted war between England and that country would become a necessity. He added that the blunder of the English Government might become the cause of future dissension at home, and depreciated the honors conferred upon the negotiators of the treaty of Washington.

EUROPEAN POLITICS. A London special states that the Emperor of Germany recommends to Earl Granville, British Foreign Minister, the negotiation of a treaty suppressing the International, principally by the rendition of all political refugees. The special also states that the Spanish Bourbons have coalesced in agreeing to support Alphonso, Prince of the Asturias, and son of ex-Queen Isabella, for the throne, the Duke of Montpensier to assume the regency until the Prince reaches his majority.

It is thought that a disruption of the Liberal party in England is inevitable on the question of the education act.

It is said that affairs in Versailles are threatening. The factions opposed to Thiers and the Republic are growing bolder daily, and a report is current that Bismarck is preparing for a new invasion.

Who would not be Beautiful!
Mrs. J., what has made you so beautiful of late? your skin has, as if by magic, become passing fair; its sallow look and the rough appearance have disappeared, and in its stead I see a lily white, velvety look, yet, by close examination I cannot detect the use of any cosmetic. $400,000
OF THE
BURLINGTON, CEDAR RAPIDS & MINNESOTA
Railroad
FIRST MORTGAGE BONDS.
At 92½ and Interest.
The amount above named is all that remains of an issue of $5,400,000 Bonds; and in view of the small amount unsold the Company has raised the price from 90 to 92½ and int rest, henceforth.
The mortgage deed authorizes the issue of $6,000,000 Bonds, a modification of the plan of construction will confine the issue however to $20,000 per mile of road, making the total as above stated. The remainder of the Bonds will be cancelled by the Trustees.
Construction is now stopped on the road. The entire equipment will be hereafter devoted to increasing the earnings.
The receipts for the last five months from local traffic, over a portion only of the line, and while much of the equipment was in use for construction purposes, were as follows:
AUGUST receipts $67,244 [illegible]
SEPTEMBER " 55,622 [illegible]
OCTOBER " 73,062 [illegible]
NOVEMBER " 62,383 [illegible]
DECEMBER " 62,650 [illegible]
The net earnings one of this amount were more than 10 per cent. on the amount of the mortgage indebtedness of the road applying again it the portion in operation. The figures above given represent actual cash receipts, no charges being made for construction account.
As soon as the $400,000 Bonds remaining on hand shall be disposed of the security will be placed upon the New York Stock Exchange, and the merits of the Bonds will entitle them to take rank with any Railway Mortgage upon the List, none of which sell below par.
Detailed Report will be furnished on application.

UTAH.

GOV. WOODS VETOES THE CONSTITUTIONAL CONVENTION BILL.

SALT LAKE CITY, Jan. 27. Gov. Woods has vetoed the act for holding a convention to prepare a State Constitution. He says that without special Congressional authority the Territorial Legislature has no right to act upon the subject of admission as a State.—Good judgment, he says, would require that before any convention be called Utah should place herself in harmonious relations with the General Government—all violations of the laws of Congress should cease; polygamy be abolished, and laws enacted in accord with the laws of Congress.

EXCITING SCENE.

The veto message created much excitement, and the members expressed themselves with bitter invectives. Taylor, one of the Apostles, exclaimed "Are we nonentities? Are we serfs? Have we rendered ourselves criminal by putting the power into the hands of the people to ask for admission into the Union?" "The polygamy clause of this message," said he, "I consider an open insult to us. It is worn threadbare, and has been a stench in the nostrils of all respectable people. What laws have we violated? and if any are we not punished? Even murderers are brought to testify against us, and every means used to prove us guilty of polygamy. If contrary to the Constitution and laws of the United States, why don't the Federal Judges prosecute us under the United States laws? Is this house to be insulted by such charges as are contained in the document from the Governor? I say no! I throw it back in his face and tell him it is a falsehood!" (Voices "hear, hear!") "We are American citizens, and demand the rights of such."

James W. Young said, "I not care a snap for the veto and asked no odds of the Governor or any other man."

Mr. Rockwood said they had been abused long enough, and he would gladly die a martyr to the Mormon cause. If there was any of the blood of their forefathers left in the assembly they would resent the insult."

On the motion of J. W. Young a committee to act with a similar committee from the Council was appointed to draft a joint resolution for the purpose named in the vetoed act. The same committee was instructed to draw a resolution expressive of the sense of the House in regard to the offensive charges in the Governor's message.

BANGOR PRODUCE MARKET.

SATURDAY, Jan. 27th, 1872. The following report is obtained by particular observation on the market and the quotations are the prices paid for produce from the country teams this day, or about the average for the week past:—

HAY. The quantity of pressed hay coming into market by rail seems to check any further advance in price at present. Loose hay on the market sells at $28 to $30 for a good fair article, and the very best qualities at $32 to $33, and occasionally a load at $34 per ton. Pressed hay is selling from the storehouses at $28 to $30, and up to $34 per ton for a fair article to the best quality of Province hay. Some intervale lots sell as low as $22 per ton.

STRAW. Loose straw is worth on the market from $16 to $18 and $20 per ton.

OATS are not plenty on the market, and what have been brought in this week have sold quick at about 55 cts. per bushel.

BARLEY does not seem to be inquired for much but is worth in our market from 65 to 70 cents per bushel.

BEANS are not coming in in any great quantity, and yellow eyes sell at $3,25 to $3,40 and $3,50 per bushel, according to quality. Nice pea beans are scarce, and good ones sell at about $3,50 per bushel; occasionally a small lot of extra ones at 3,60 to 3,75.

BUTTER. The demand for butter is very small except for what would be called a very choice article. We should quote Aroostook solid at 20 to 25 and 28 cents per pound, and lump butter is worth all the way from 20 to 25, 28 and 30 cents per pound, according to quality.

EGGS. The birds will notice that since our last report their industry must have been general, as eggs have declined, and are dull in the Boston market, to 35 cents per dozen, and the corresponding price in our market would be from 28 to 30 cents per dozen.

DRIED APPLES. The price has remained about the same for dried apples on our market, for the last three or four weeks, the trade being partly supplied with Western fruit. A good article of this year's fruit is worth from 11 to 12 cents per pound.

POTATOES. There are a few buyers in the market now who are stowing this quality of fruit for spring shipment. The price paid is from 40 to 45 cents per bushel.

RUTABAGA TURNIPS are worth about 75 cents per bushel.

POULTRY is now quite scarce in the market, and good fresh killed birds of most any kind find a ready sale. Turkeys are worth from 15 to 18 and 20 cents per pound.—Chickens sell at 15 to 16 and 18 cents per pound. Geese are worth from 75 cents to $1.00 each, and ducks from 60 75 and 80 cents per pair.

FRESH MEATS. Round hogs are worth from 7 to 7½ and 8 cents per pound, and fresh beef is sold from the market teams, in quantities to suit the purchaser, at 4 to 6, 8 and 10 cents per pound. Mutton is worth from 5 to 6 and 8 cents per pound.

FRESH FISH. Fresh cod fish are plenty on the market and are sold at 6 to 7 cents per pound. Smelts are retailed at 10 cents per pound. Nice fresh pickerel, with mouths large enough to swallow themselves, are sold at 9 and 10 cents per pound. Clams are sold at $1.00 to $1.25 per bushel, and the Tom Cod man bases his measure handsomely at 35 to 40 and 50 cents per bushel, according to the size and quality of the fish.

The Shoe and Leather Dealers Association of New England has been very usefully employed during the past year. According to the reports of the Committees, the receipts of hides at Boston had been from twelve to fifteen per cent. in advance of those of last year, while the sales were much more spirited and the prices higher. During the year just closed there had been 173 failures, most of which had been brought about in a great measure by losses sustained through the Chicago fire. Contrary to general expectation, however, the trade, as a whole, had not suffered very severely from this cause. One of the most important bureaus in connection with the Association is known as the Committee on Debts and Debtors. Every delinquent debtor is required to make a full and complete exposition of his affairs to this Committee, whose duty it is to decide how much per cent. he shall be obliged to pay on the amount of his indebtedness. So far the plan has been found of inestimable value. All the facts bearing on the case of a debtor are recorded for the benefit of the Association, so that when a dealer has an offer to open negotiations with a new customer, he returns no answer until he has first consulted the register of the Bureau of Debts and Debtors.

Postmaster General Creswell has directed the new regulations on newspapers sent by mail to be strictly enforced. No name or memorandum can be made on a newspaper inside the wrapper on which the address is written. It is hardly admissable to mark an article with pen or pencil. More than this subjects the paper to letter postage, and the violator of the law to a fine. No printed card, handbill or advertisement, no written notice, letter or slip of any kind whatsoever must be folded in the paper. To do any of these things is to violate the law. Printed slips pasted on the outside, or folded in papers or periodicals, soliciting notices, are also violations of the law. Senders of transient papers can send bundles of printed matter by weight or transient postage charges, but must not send any written matter in such bundles.

DISPERSION OF THE JEWS. The Jews are now most numerous in the northern part of Africa between Morocco and Egypt. In the strip of Europe stretching from the Danube to the Baltic there are about 4,000,000; while in all western Europe there are not 100,000 of them. This statement shows that the great mass of the Jews keep as near as may be to the Holy Land, ready to enter in and possess it whenever the summons they wait for comes. In Palestine itself, however, they are few and weak. There are colonies of them in Western Arabia, in Persia and the countries on the Euphrates. There are Jews in China and in Cochin China, there are both white and black Jews—the latter being proselytes. In all their dispersion the Jews retain their traditions, customs and hopes, and though speaking nearly every language under the sun, are yet essentially one nation.

—Dore, alias Brown, alias Rich, the one-armed hero, and the Higgins girl, who cleared out with one of J. B. P. Wheelden's teams a week ago yesterday, were reported at North Turner Bridge on Thursday night.

—The religious meetings held every evening for some weeks past in the vestry of the Pine st. M. E. Church, have been largely attended, and a deep interest has been manifested.

—A case of "black-mailing" has recently been brought to light in this city, which on investigation shows that attempts have been made to extort money from quite a number of persons, in several instances successfully.

—One of his many friends has presented Capt. Jno. E. Reynolds, the well-known cutter in Jones' clothing establishment, with a splendid gold-headed ebony cane, got up to order by White & Leonard. Capt. R. says he will give the donor "fits!"

—The party who went from this city to attend the skating carnival at St. John, returned Saturday evening, delighted with their trip, the carnival, and the attentions shown them by Mayor Reed and other hospitable citizens.

NEW MAIL LINE. There is now a daily mail line between Ellsworth and Cherryfield, through the towns of Hancock, Sullivan, Gouldsborough Steuben and Millbridge, leaving Ellsworth and Cherryfield every morning except Sunday at 8 o'clock.

—Beckett and Moseley, the burglars, were at St. Stephen, N. B., on Saturday. They were encountered at East Machias by four men who attempted to arrest them, but preferred not to risk their personal safety, and allowed the burglars to proceed on their way.

—The Secretary of the State Agricultural Society has advertised for proposals from any city or town in Maine desiring the location of the State Fair within their limits for the term of three years. The lucky town or city will be the one that, all things considered, offers the best inducements, not only for the interests of the Society, but for the good of the agriculture of the State.

BIG WEEK'S WORK. Mr. H. G. Hill, foreman of Margeson & Upton, with the assistance of Mrs. Taylor and Master Wm. Maley, cut and got ready for the awl, 50 cases boots, fronts and backs last week. The amount of leather used was 152 sides upper leather, 7 dozen calf skins, 250 lbs. splits, and 1 roll sheep skins. This for 6 day's work of 10 hours each, may be considered a remarkable feat.

—Capt. Reuel Stanley of this city had a paralytic attack as he was returning from the lecture Thursday night, and has been very low since, his recovery being considered very doubtful. Capt. Stanley is widely known as pilot of the steamer *Cambridge* of the Sanford line between this city and Boston. He has been a pilot on this river and coast for over twenty years, previous to which he commanded a packet between Belfast and Boston.

THE TABLES TURNED. The Ellsworth road seems to be getting up quite a reputation for highway assaults. We hear of another which occurred one day last week where three gentlemen of this city riding a short distance this side of "Miller's," were met by a team containing two young men one of whom jumped out and seizing our citizens' horse by the head, led him into the gutter; then turning to the occupants of the sleigh commanded them to get out. They did get out, and about ten seconds later got in again and drove off, leaving the attacking party sitting peacefully in the road, watching with astonished gaze his partner driving away like mad in an opposite direction.

MASONIC INSTALLATION. At the annual communication of Piscataquis Lodge, F. & A. M., of Milo, the following officers were elected for the year 1872, and at the regular communication they were installed:—T. R. Joy, W. M.; W. E. Gould, S. W.; H. F. Dagget, J. W.; L. Sands, Treas.; W. P. Young, Sec.; W. H. Owen, S. D.; L. E. Sherburne, J. D.; O. S. Bishop, S. S.; C. F. Sherburne, J. S.; John Hodgkins, Tyler; J. E. Bishop, Chap.; W. W. Sturtevant, Marshal; J. L. Bishop, W. E. Gould, and W. W. Sturtevant, Finance Committee.

THE DOCTOR OF ALCANTARA. As we have previously announced, this charming opera will be performed in Music Hall on the evening of Tuesday, February 6th, for the benefit of the Jameson Guards. The same ladies and gentlemen who succeeded so admirably in its presentation, last season, will again take the same parts, the original orchestra music will be performed by a select orchestra under the lead of Mr. M. H. Andrews, new and elegant costumes have been sent for, and the stage, greatly enlarged, will be fitted up with new and appropriate scenery. No pains or expense will be spared to make the opera a success, and it is expected that Mr. Eichberg, its composer, will be present at its production. The sale of tickets will commence at Hughes & Co.'s next Thursday.

LOSS OF A BANGOR STEAMER. The steam tug *Nautilus*, Capt. Snow, bound from Bucksport to New York to be repaired, touched at Cape Ann about 7 o'clock Friday evening on her way, but after leaving sprung a leak, which increased so rapidly that it was impossible to make a port or stop the water rushing in. All hands remained by her while there was the slightest prospect of getting her in shore to lay her aground; but in vain, for she settled under them and they had to take to her boat and abandon her. After much exposure they managed to reach Wellfleet Saturday morning, almost chilled to death. The tug foundered at 2 o'clock A. M. She was owned by Hugh Ross, esq., of this city and was insured here for $5,000—$1000 in each of the following offices: Eastern, Merchants Marine, Union, Maine Lloyds, and Maine Mutual Marine—all of Bangor.

SMASHUP. Saturday afternoon, as Mr. T. G. Stickney of this city was leisurely driving up the Hampden road, just above the Alms House, three teams came up behind, trotting abreast at a rapid rate. One of the horses broke badly and the driver, finding he could not hold the animal and seeing a collision likely to occur, shouted to Mr. Stickney to get out of the way. Mr. Stickney thought the shouts were to the horses and did not turn out, when the breaking horse came up behind, hitting a runner-brace, and running one shaft dangerously near his body. Mr. Stickney's sleigh was pushed forward upon his spirited colt, at which the frightened animal reared, [illegible] and kicked, breaking one [illegible] and started to run [illegible]

THE CONCERT TO-NIGHT. We again call our readers' attention to the grand vocal and instrumental concert to be given in Norombega Hall this evening, under the direction of Mr. L. A. Torrens, Instructor of Music in our city schools. He has been at great expense in securing first class talent, and we are confident that our citizens will give him a good house in return. His soloists are all well known here and have become favorites with the music-loving people of this city. Mrs. Crowell, soprano, and Mrs. Wasgatt, contralto, need no introduction to a Bangor audience, their fine and well-trained voices having often been heard in old Norombega. Mrs. West, who as Miss Houston, was the leading attraction of the monster Choral Festival held under the direction of Messrs. Wilder and Davenport in this city in April, 1865, is also no stranger here. In looking over our files for that year, we find the following notices of her singing:—

"Miss Houston carried all hearts by storm. She has that fire and expression which go to the heart and command at once the attention of an audience."

"Miss Houston was most admirable in all her solos in the oratorio of the "Creation"; especially beautiful were "With Verdure Clad" and "On Mighty Pens." In these she is unsurpassed."

Of her singing at the closing concert, the critic, a gentleman of high musical ability, wrote: "Miss Houston completely fascinated the audience and received a tremendous encore."

Messrs. Packard and Sprague of Boston, both accomplished vocalists, have sung here a number of times within a year past, and have always met a warm reception. Mrs. Dame has few superiors as a pianist, excelling in firm touch, brilliant execution and fine expression. The chorus class has attained a most gratifying proficiency under the direction of Mr. Torrens, as all can attest who heard their music in Norombega Hall last evening, and altogether the concert cannot fail of pleasing the most fastidious musical taste. We expect to see Duren's bookstore crowded with applicants for tickets this morning.

ACCIDENTS ON E. & N. A. RAILWAY. Saturday was a day of accidents on the E. & N. A. Railway, though fortunately no one was injured in the least, and the trains were not much detained. The morning train for St. John left twenty minutes later than usual, on account of delay of the Pullman train from Boston, and just before reaching the "red bridge" a little below Mount Hope, a connecting rod on the locomotive (one of the new "Baldwin's," "No. 7") broke, smashing the side of the cab and cutting off the ends of several sleepers as it struck them. The train was brought to a stand-still as soon as possible, and fortunately none of the wheels left the rails. Supt. Angell was on board, and sent back for another engine, the "Oldtown," by which the train was hauled back to a siding and the "No. 7" left. Good time was made to Lincoln Centre, when one wheel of the forward truck of a Western Extension mail car broke, throwing the truck off. The car was blocked up, replaced on the rails, and shunted upon a siding, and the train took a new start. Conductor Jameson was on hand and "rushed" matters as expeditiously as possible, so that the train left Lincoln Centre only two hours late, meeting and crossing the train from St. John at Danforth. This latter train was not to reach Bangor uninjured, however, as on a curve about two miles above Kingman, the Pullman parlor car "North American" left the track by the spreading of the rails and was dragged nearly a hundred feet over the sleepers, when the rear truck broke away, letting the hinder end of the car down into the snow. The draw-bar breaking, the car stopped suddenly, throwing the passengers, seats and movables forward into a promiscuous heap, but fortunately injuring nobody beyond a few slight bruises. The passengers were transferred to the other cars, and the train reached this city not much behind time. The Superintendent having been informed by telegraph in his office of the accident, had an engine and wrecking car sent up from Mattawamkeag in a very short time, and the car was replaced on the iron and taken to that station.

BANGOR YOUNG MEN'S BIBLE SOCIETY. The twenty-ninth anniversary of the Young Men's Bible Society of this city, was celebrated with appropriate exercises last evening, in the presence of one of the largest audiences we ever saw in Norombega Hall. Mr. John F. Kimball, Vice-President of the Society, presided, and the services were opened with an anthem sung by the Chorus Class of Mr. Torrens, under that gentleman's direction, and accompanied by Mr. Andrews' Orchestra. Rev. S. D. Church read portions of Scripture, prayer was offered by Rev. Dr. Field, and the hymn commencing "What glory gilds the sacred page" was grandly sung by the chorus class and congregation, with orchestral accompaniment. The report of the Secretary, Mr. John H. Hayes, was then read and accepted. From it we take the following figures:—

Mr. Jacob Berry of Pittsfield, gave a very interesting account of his labors in Somerset County during the past year, after which the hymn, "O Lord, thy perfect word directs our steps aright," was sung. Rev. N. Smyth spoke of the aim and work of the Society, and referred particularly to the fact, in which he rejoiced, that all denominations can labor together in this cause. The hymn beginning—"All nature sings thy bounteous love," was then sung; and Rev. Mr. Marsh made a brief address, in which he said he believed in the Society and that it was accomplishing great good, but he argued that it was of greater importance in a Christian land to bring the masses to the Bible, than to bring the Bible to the masses. The meeting was closed by singing, "Be Thou, O God, exalted high"—"Old Hundred"—and a benediction by Rev. Mr. Allen.

BANGOR POLICE COURT.

BEFORE JUDGE CLARK.

Saturday, Jan. 27. State vs. John Daley; assault on David Brown of Hampden; fined $1 and costs.

The Philadelphia Press says: "How to get a jury is one of the conundrums of the day. None the less difficult because it is frequently solved; in fact, it grows harder at every new case. People every day read the newspapers, and consequently become disqualified from serving as jurors. The reading of newspapers lessens the number of fools, and as according to existing law, only that class are eligible, long is the delay in completing the panel. The recent bill introduced into the New York Legislature, providing that previous formation or expression of opinion shall not disqualify a person from jury service provided he swears that he will render an impartial verdict according to the evidence, is every way commendable."

Secretary Boutwell is reported to have had a lengthy [illegible] ... In the main points of the [illegible]

course he has marked out, he has expressed his determination to push forward. He will not, however, proceed with the negotiations of the new loan until Congress shall have passed a loan to pay the interest abroad, and to allow larger commission for brokerage.

THE INSULT TO FRED. DOUGLASS. The gross indignity inflicted upon Frederick Douglass, the well-known colored orator, by the proprietor of the Planter's Hotel at St. Louis, through his underling clerk, appears to have been the result of a plot, and was not an impromptu affair, for he was permitted to register his name; but when some time after he told the clerk he would like some dinner, the latter, with an oath, declared he could have none, at the same time pointing to the book where Mr. Douglass' name had been erased.

"What is the meaning of this outrage?" sternly asked the old man, pulling indignantly at his *distingue* gray moustache.

"It means simply this—that the Planters' House don't keep niggers; if you want anything you will have to go elsewhere," said the intelligent clerk.

Thereupon a crowd of the "chivalry" gathered about, to whom Mr. Douglass addressed a few remarks, denouncing in justly indignant terms the shameful treatment he had received. The crowd sneered and laughed, and Mr. Douglass, shaking the dust from his feet, left the place.

"Good morning, John, where are you going?"

"To CHASE'S Clothing Store, of course, where everybody who wants to buy Clothing cheap should go."

Are you in want of a suit of Clothes? If so go to Chase's and get a suit; and if you get them there, they will be made good and durable and when he sells a person a suit of Clothes he sells them in so satisfactory a manner that when they want another suit this is the store where they will buy them. Do you want your clothes made up in better style than can be obtained elsewhere? If so, remember that Chase's Store, keeps the nobbiest styles of goods, and they are made up better than any of his competitors can make them. Bear this fact in mind, and tell it to your father, mother, son, cousin, second cousin, and to all your uncles in the country, for although facts are stubborn things to get over, nevertheless the good news should be spread. It is a lamentable fact that virtue gobbles up its own reward. You can save forty per cent and get a first-class garment for a small amount of money. He only asks you to satisfy yourselves before you buy. Go and see the goods and learn the prices; then prize the same class of goods in the city or out of it, and satisfy yourselves that it is as he says. Any garments bought at this store can be returned, and the money will be refunded if not perfectly satisfactory, and are not soiled. He keeps a line of nice and durable goods well adapted to farmers' wants, and calls their especial attention to his stock. He proposes to deal fairly and honestly with all men, and thereby hope to merit a good share of the patronage of the city and country. Also, he has custom made garments of every description. Don't fail to go there. The people are fast finding out that the great sales of Clothing at Chase's Clothing House is no humbug; he does all he advertises to do. Clothing of superior quality, with every new style of goods for merchants, farmers, mechanics, and all classes and ages of boys and men, is now to be found at A. F. Chase's new store, which is noted for low prices and upright dealing. Prof. CHASE is ever at the board where he always gives his customers good fits. Remember the place. Not among the least of the invaluable properties of MISS SAWYER'S SALVE are its beneficial effects on the hair. Rubbed on the scalp in five or six different parts it promotes the growth of the hair, prevents its turning gray, and, on bald spots it produces a new growth of hair. No lady should be without this invaluable article as an indispensable cosmetic for the toilet. It eradicates dandruff and disease from the head, and blotches and pimples from the face. 1taw

SONG OF THE SHEARS.

... of endless pieces,
... the pencil and scissors
... clip, clip, clip!
... mucilage, papers and tears!
And still, with a voice of dolorous dip,
... sang the Song of the Shears.

Clip, clip, clip!
While the foreman calls for more!
Clip, clip, clip!
Till the "devil" looks in at the door.
It's O! to be a councilman,
Or even a school trustee—
A mayor, policeman, or anything—
Or anything else but me!

Clip, clip, clip!
Till the jaws drop open wide,
Till the elbows creak like an old barn door,
And you take that "stitch" in the side!
Enquirers, Tribunes, Gazettes,
And Stars that make you doze,
Till over the Herald you fall asleep,
And clip off the end of your nose!

Oh, women with paper curls!
And bustles that rattle and quiver!
It's not papers you're wearing out,
But a human editor's liver!
Clip, clip, clip!
Hunting for something new,
Which the managing-editor swears, after all,
Is as old as the Wandering Jew.

But why do I talk of the Jews—
That race of the nasal hook?
If only I had such nose for news,
To get it by hook or crook!
By hook or crook, and I wouldn't be slow,
Because of the fast I keep.
Ah, me! that bustles should be so large,
And Chinese labor so cheap!

I select this from many letters received this year regarding my new Latest Improved Lightning Saws of 1871 pattern. The Messrs. Everson, Frisselle & Co., Syracuse, N. Y., are known for their high character. They deal largely with farmers and lumbermen.

"E. M. BOYNTON, 78 Beekman St., N. Y.

Sir: The ninth shipment of your Cross Cuts and Wood Saws to us this season arrived last Wednesday. Please send us 50 more Lightning Cross Cut Saws soon as possible. The sale of our Saws continues good, and we are nearly out. We shall require fully 300 Lightning Cross Cuts and as many Wood Saws to complete our year's purchases. We would like to have you reduce the price, if you can still keep up their unrivaled quality of manufacture. We should have sold more, only we are been overstocked with other varieties of patent tearing-teeth saws, and have been obliged to sell your Saws at an advance of 50 per cent over any other, yet many will have no other, and ... but years our customers say the Lightning Saw saves the difference of cost in one day's use, are more simple to sharpen, and run easier than any other. We think your new patent M tooth Saws do surpass in speed, in ease, in simplicity, and perfection anything we ever saw, and we are ready to endorse your challenge of $500, to settle by public contest. Your superiority over any other Saw in the world, which, of course, no one can question.

EVERSON, FRISSELLE & C

In accordance with the above I have reduced the retail price from $4.25 to $1 per foot, and the trade price proportionally, and solicit the patronage of the American public. Beware of worthless imitations and infringements, which will be prosecuted. Do not confound this 1871 pattern with my old 1867 pattern Clearing-Tooth Saws, now out of market. All clearing-teeth are complicated, as they require to be kept shorter than cutters and frequent readjustment. After much experience, I cannot recommend them. Each one of the new Lightning Cross-Cuts has my $500 challenge, and full directions for setting and sharpening any saw engraved on it. Honest hardware men will procure the genuine for their customers, even if they are overstocked with inferior goods, but where they do not keep them, Agents are wanted. A six-foot Cross-Cut and B ... Saw sent on receipt of $6. Express will cost from 40 cents to $1 to places this side of the Mississippi River by special contract.

N. B. Millions of Axes are used for cutting wood; a Lightning Cross-Cut Saw, either for one man or for two, will cut five times as fast as an axe. Why not try them?

Ordinary saw-set and a flat file only required in sharpening the saw, as all teeth are the same length and simple as handsaw teeth, producing great cutting both ways. See that the name and warrant are on each saw.

HOME STOMACH BITTERS

ARE ENDORSED AND PRESCRIBED BY MORE leading Physicians than any other Tonic or Stimulant now in use. They are

A SURE PREVENTIVE

For Fever and Ague, Intermittents, Billiousness and all disorders arising from malarious causes. They are highly recommended as an ANTI-DYSPEPTIC, and in cases of INDIGESTION are INVALUABLE. As an APPETIZER and RECUPERANT, and in cases of GENERAL DEBILITY they have never, in a single instance, failed in producing the most happy results. They are particularly

BENEFICIAL TO FEMALES,

Strengthening the body, invigorating the mind, and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and no tonic stimulant has ever before been offered to the public so PLEASANT TO THE TASTE and at the same time combining so many remedial agents endorsed by the medical fraternity as the best known to the Pharmacopoeia. It costs but little to give them a fair trial, and

Every Family Should Have a Bottle.

No preparation in the world can produce so many unqualified endorsements by physicians of the very highest standing in their profession.

Endorsed also by the Clergy and the leading denominational papers.

UNITED STATES MARINE HOSPITAL, St. Louis, Mo., Oct. 3, 1870.

JAMES A. JACKSON & CO.—I have examined the formula for making the "Home Stomach Bitters," and used them in this hospital the last four months. I consider them the most valuable tonic and stimulant now in use.

S. H. MELCHER, Resident Physician in charge U. S. Marine Hospital.

JAMES A. JACKSON & CO.—Gentlemen: As you have communicated to the medical profession the recipe of the "Home Bitters," it cannot, therefore, be considered as a patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class to which they belong, being highly tonic, Stimulant, Stomachic, Carminative, and slightly Laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them, seen its effects in our private practice, we take pleasure in recommending them to all persons desirous of taking Bitters, as being the best Tonic and Stimulant now offered to the public.
